

Dear FCC,

I was very disheartened to hear that my local K-LOVE station on 91.1 FM in Denver may be displaced by an LPFM broadcaster. Please do not allow this to happen.

Many people in my community, my family included enjoy K-Love on 91.1 FM on a daily basis. To lose our station would be a great loss. K-LoVE promotes wholesome values and family friendly programming that is difficult to find elsewhere. Please do not take our K-LOVE away!

Respectfully submitted,  
Bethany Mickahail
